## About Us

Jindal Safety Consultancies and Engineering LLP has been serving the industries with specialized safety consultancy and training needs all over India.

Jindal Safety Consultancies and Engineering LLP has been serving the industries with specialized safety consultancy and training needs all over India. We are also taking care of facilitating safety equipment demonstrations and on-site/off-site trainings. We also take work towards spreading the awareness through face-to-face talk with workers, and demonstration with the updated safety gadgets in the market.

Many companies have appreciated our passion and work for the safety concept. With our experience we have learnt that safety can make a great profit in aspect of company's profit, continuity of clean work and reduce expenses of monetary and time.
